

AUREON 5.1 PCI

The Access to Top-class Sound

- 5.1 surround sound card
- Digital inputs and outputs
- Supports 2, 4 or 6 speakers
- Up to 48 kHz during recording and playback
- For games, music, DVDs and internet telephony

So, you like to plunge into a suspense filled game every so often, but don't want to miss out on quality sound effects? Or maybe you just want the sound quality of your MP3s to be as good as gold? If so, the AUREON 5.1 PCI is just right for you, offering affordable, first-class sound quality.

The AUREON 5.1 PCI offers everything you need to achieve perfect sound. With up to 6 (5.1) channels for connecting 2, 4 or 6 loudspeakers and top-quality recording and playback at up to 48 kHz. Optical digital inputs and outputs guarantee lossless recordings and the right connection for DVD, DAT or MiniDisc recorders. And to ensure perfect clarity in gaming entertainment, all popular 3D-sound standards are supported - from EAX 2.0/1.0- A3D and I3D12 to Direct Sound 3D and Sensaura 3D.
