MYSTIFY SpeedPad

Gaming Accessory

The legend is back: The Mystify Razer Boomslang 2100! A must-have for every game fan who wants full gaming power, quick reflexes and controls of the utmost precision. You gain that decisive second of speed right when it counts. Stun your opponents with daring maneuvers. Make sure that in the end, you are just that one step better than your competitors. As you will see: no other mouse will catch up to it anytime soon!

The world's fastest gaming mouse is even faster and more precise

At 2100 dpi, the Mystify Razer Boomslang 2100 offers extreme precision. That gives it the highest degree of sensitivity, pixel-precise pointing and the shortest reaction times – regardless of whether you are right or left-handed. The mouse is easily connected to the USB port via plug&play (or parallel to a normal PS/2 mouse). Speed and sensitivity can be set easily using the software. Two other freely assignable keys on the side (for a total of five programmable keys and a scrolling wheel) give you additional control options.

Combined with the included Mystify Speed Pad: An unbeatable gaming team

The Mystify Razer Boomslang 2100 guarantees even more gaming fun when joined with the accompanying Mystify Speedpad. The specially developed smooth running surface with special scratch-proof coating ensures perfect gliding properties and extremely low friction. Along with the ergonomic design, it doesn't just look good ... in combination with the Mystify Razer Boomslang, you have an unbeatable team for your games!
