

ANTENNA300

Active DTT indoor antenna

- DVB-T reception
- Optimised range and reception quality
- Low noise and distortion level
- For wall or stand installation
- Power supply through USB or AC adapter (AC adapter not included)

The Antenna 300 is a compact, active indoor antenna for DVB-T reception. Thanks to its optimized range, the antenna receives all signals at exceptional quality with low noise and no distortion. The antenna is insensitive to interference from other networks. It can be positioned vertically or horizontally to achieve optimum reception. The power can be supplied either through the USB (PC) connection or an additional power supply. At the same time, the Antenna 300 can be used for all common DVB-T solutions.

ANTENNA300

Features

- Frequency range
 - VHF Band I 47-68 MHz
 - VHF Band III 174-230 MHz
 - UHF Band IV and V 470-862 MHz
- Noise factor < 4 dB
- Gain 20 ±3 dB
- Insensitive to interference from GSM, WLAN etc.
- Vertical and horizontal polarization
- Power supply through USB, STB or AC adapter (AC adapter not included)
- Power consumption approx. 35 mA
- IEC antenna jack (male, 75 Ohm)

Dimensions

- 205 x 117 x 17 mm

Weight

- 270 g (with cable)

Scope of Delivery

- Antenna 300 with antenna cable (1,5 m)
- Stand
- USB adapter cable for power supply
- Quick Setup Guide
- Service card

Art.Nr.: 10720
EAN-Code: 4017273107202
Warranty: 24 months
