

# CINERGY Antenna ONE

## Compact active DTT antenna

- Reception of DTT und DAB
- Optimized range and reception quality
- Low noise, low distortion

The Cinergy Antenna One is a compact, active indoor antenna for DVB-T and DAB reception. Thanks to its optimized range, the Cinergy Antenna One receives signals at exceptional quality with low noise and no distortion. The antenna is insensitive to interference from other networks. The Cinergy Antenna One can be positioned vertically or horizontally to achieve optimum reception. The power can be supplied either through the USB connection or through the receiver's jack.

# CINERGY Antenna ONE

## Technical Details

### Frequency range

- VHF Band I 47- 68MHz
  - VHF Band III 174- 230MHz
  - UHF Band IV and V 470- 862MHz
  - L-Band 1400- 1500MHz
- 
- 18dB low distortion antenna amplifier
  - Noise figure < 1dB
  - Immune to interference from other signals (e.g. GSM, WLAN, ...)
  - Vertical and horizontal polarisation
- 
- Power supply either by included USB socket adapter or via phantom powering from your receiver
  - Power consumption: approx. 35mA
  - IEC antenna connection (male, 75 Ohm)
  - Measurements (WxHxD): app. 100 x 180 x 33mm
  - Weight: app. 250g

### Scope of delivery

Antenna 'Cinergy Antenna One'  
Base with mounting screw  
Antenna cable  
USB adapter cable for power supply  
Service request form and registration documents

Art.No.: 10504  
EAN Code: 4017273105048  
Warranty: 24 month
