

# CINERGY C PCI HD CI

DVB-C Tuner & Digital video recorder incl. CI module

- DVB-C TV and radio tuner
- HD support for MPEG2 and H.264
- AC3 Dolby Digital
- Expandable for Pay TV reception (Cinergy CI AddOn)
- Digital video recorder
- Remote control

## High-definition cable TV

With the Cinergy C PCI HD, you've got a future-compatible solution for digital TV reception via computer. As of this moment, you are capable of enjoying all of the programmes that are offered by your cable company in high-definition format in fully broadcasted resolution. Experience the unbelievable picture and sound quality of HDTV! And of course the DVB-C formats are still supported.

## Digital video recorder

Record HDTV programmes in full high-definition resolution and in H.264 format with the push of a button or via timer. With integrated MPEG 2/4 codec, you can also record previous formats in exceptional quality. You have the choice between manual and timed recording. The computer boots up from standby or sleep mode precisely when the chosen television show begins and then saves it on your hard drive automatically. No matter how you plan your recordings, they can be viewed immediately, even while the recording is in progress. And when you are finished, you can burn your recordings directly to CD or DVD!

## Ready for pay TV

Pay TV extension for Cinergy C PCI HD (cable), installation into an available PCI slot, Common Interface for CAM plus smart card, pay TV contract necessary (not included).
