

CINERGY T USB XE

Mini DVB-T Receiver

- Ultracompact DVB-T receiver for your Mac
- Connection and power supply via USB 2.0
- Including rod antenna
- Including EyeTV lite software from Elgato
- Suitable for PowerPC and Intel processors

EyeTV 2 - Digital TV Recording Software

Watch full screen, high quality TV directly on your Mac. Pause, rewind, and fast forward live television, and take control of your TV schedule using the built-in Electronic Program Guide (EPG). Record hours of your favorite shows directly on your hard drive and edit out unwanted content using EyeTV lite's powerful yet easy-to-use interface. Create playlists to manage your recordings and TV channels. Store your collection on an external storage drive, or buy Roxio Toast® 7 Titanium and use EyeTV lite's fully integrated features to burn to a disk.

CINERGY T USB XE
